CLASS DESCRIPTIONS

Aging Athlete

Designed for active adults, this class combines mobility, flexibility, balance, body awareness, and functional strength training to support lifelong movement. Using TRX, free weights, and functional exercises, you'll improve strength, stability, coordination, and confidence for everyday activities and recreational pursuits.

Barre Fusion

Strengthen and tone your entire body through this barre-inspired workout that combines elements of yoga, Pilates, strength training, and core exercises. Using a weighted barre and movement set to music, you'll improve strength, balance, flexibility, and posture.

Bold Moves

Looking for a Parkinson-friendly fitness class that's as fun as it is functional? Bold Moves is a supportive, inclusive group fitness class designed specifically for individuals living with Parkinson's disease. Build strength, endurance, flexibility, balance, and coordination while staying active, trying new activities, and connecting with others in the Parkinson's community.

Boot Camp

Challenge yourself with this high-energy bootcamp workout featuring a different full-body workout every class. Using bodyweight, dumbbells, kettlebells, and the outdoor environment—including hills, stairs, and the riverfront when weather permits—you'll build strength, endurance, agility, and overall conditioning.

Boxing

Combine non-contact heavy bag boxing with cardio intervals in this high-energy workout. Improve cardiovascular endurance, coordination, agility, and overall conditioning while building power, stamina, and boxing technique. All fitness levels welcome.

Cardio 30

A fast-paced, 30-minute cardio workout designed to elevate your heart rate, burn calories, and boost cardiovascular endurance in a time-efficient format.

CIRCL Mobility

Restore. Release. Renew. CIRCL Mobility™ by Zumba® blends mobility, flexibility, and breathwork to help improve joint health, increase range of motion, reduce stress, and leave you feeling refreshed. Perfect for all fitness levels and an excellent complement to any workout routine.

Core

Strengthen the muscles of your core in this focused 30-minute class designed to improve stability, posture, balance, and overall movement efficiency.

Circuit Training

Move through a series of timed stations that combine strength, cardio, and functional exercises in this full-body workout. This station-based class improves strength, cardiovascular endurance, and overall conditioning through a variety of exercises and equipment.

Cycle

Challenge yourself with this high-energy indoor cycling workout featuring climbs, sprints, intervals, and endurance rides. Increase cardiovascular fitness, lower-body strength, and overall endurance while riding to motivating music.

Functional Fitness

Enhance everyday movement through functional strength training, cardio, and multidirectional exercises. Using dumbbells, kettlebells, resistance equipment, and bodyweight movements, you'll improve strength, cardiovascular endurance, balance, coordination, and overall functional fitness. All fitness levels welcome.

Strength Circuit

Build total-body strength through purposeful resistance training using proper form, progressive overload, and timed strength intervals. Using a variety of resistance equipment, you'll increase muscular strength, improve lifting technique, and gain confidence in a supportive group environment. All fitness levels welcome.

Kettlebell Fundamentals

Learn the fundamental kettlebell movements that build strength, power, mobility, and coordination. This technique-focused class develops proper form while helping you build confidence and efficiency with kettlebell training.

Mat Pilates

Improve core strength, posture, flexibility, and balance in this gentle, low-impact mat Pilates class. Using controlled movements and focused breathing, you'll build stability, increase body control, and move with greater ease.

Mobility Flow

Improve mobility and balance through continuous, flowing movement that blends stretching with controlled exercises. This class helps improve range of motion, body awareness, and overall movement quality.

Olympic Lifting

Develop strength, power, and confidence through Olympic weightlifting. This technique-driven class focuses on the snatch, clean, and clean & jerk, emphasizing proper form, safe progression, and building strength through these foundational lifts.

Pilates Fusion

Improve posture, balance, core strength, and flexibility in this Pilates-inspired fusion workout. Using controlled movements, light dumbbells, and functional exercises, you'll build core strength, enhance mobility, and improve overall body awareness while developing total-body strength.

Step

Learn fun, choreographed step combinations while moving to the music. This energetic cardio workout improves cardiovascular endurance, coordination, agility, and lower-body strength through rhythmic movement and creative choreography. All fitness levels welcome.

Strength Circuit

This circuit style format targets major muscle groups with form-focus training, structured sets, progressive overload, and a motivating group atmosphere. Whether you are new to strength training or ready to level up, Strength Circuit is your testing ground for transformation.

Senior Fit

Improve strength, balance, flexibility, and mobility in a supportive, low-impact class designed to enhance everyday function and independence. Using a variety of exercises and equipment, you'll build confidence and support an active, independent lifestyle. All fitness levels welcome.

Total Body Strength

Strength training focused on muscular endurance using light to moderate weights and higher repetitions. Challenge every major muscle group in this low-impact class while improving strength, endurance, and overall fitness.

Total Body Intervals

Challenge your entire body through timed work and recovery intervals that combine strength and cardio. This interval-based workout uses bodyweight and/or a variety of equipment to improve cardiovascular endurance, muscular endurance, and overall conditioning.

Vinyasa Yoga

Flow through a dynamic sequence of standing, balancing, and seated yoga postures while connecting movement with breath. This Vinyasa Yoga class improves strength, flexibility, balance, and mindfulness, with modifications available for all experience levels.

Yoga Strength and Restore

Combine full-body strength training with the restorative benefits of yoga in this balanced workout. The first half of class uses weights, resistance bands, and bodyweight exercises to build strength, while the second half focuses on traditional yoga postures to improve flexibility, mobility, balance, and relaxation.

Restorative Yoga

Relax, restore, and reconnect in this gentle Restorative Yoga class. Using bolsters, blankets, and yoga blocks for support, you'll move through calming postures while focusing on breath to improve flexibility, reduce stress, and promote deep relaxation.

Restorative Yoga Express

Pause and reset with this 30-minute restorative yoga class. Using bolsters and yoga blocks for support, you'll settle into gentle poses to reduce stress, release tension, and promote relaxation. Perfect after a workout or whenever you need time to recharge.

Zumba®

Dance your way to better fitness in this high-energy Zumba® class featuring easy-to-follow choreography and upbeat music. Improve cardiovascular fitness, coordination, endurance, and overall conditioning in a fun, full-body workout.
